Subject: RE: 20/01012/OUT - Workhouse Lane, Burbage

Dear Helen,

Thank you for forwarding the information regarding the proposed hedgerow removals and planting. As the proposed hedgerow removals are necessary to widen the existing access and taking into account the proposed replacement hedgerow planting, this loss of hedgerow is acceptable. The replacement hedgerow planting should be made a condition of planning and should be native and species-rich.

Kind regards,

Chloe Walker
